CADR

CLEAN AIR DELIVERY RATE

The Higher the Number, The More Clean Air Delivered.

EXCELLENT FOR ALLERGY SUFFERERS

Exceptional AHAM certified Clean Air Delivery Rates (CADR), True HEPA filtration, guaranteed quiet operation and superb ease of use make this air purifier a remarkable value for cleaning the air in any room of any home.

The Air Purifier You Can Trust

- AHAM certified clean air delivery rate
- True HEPA 0.3 micron filtration
- Guaranteed quiet operation
- ENERGY STAR® qualified

Effective, Efficient Cleaning Power

- Filters dust, tobacco smoke, mold spores, pet dander and pollen
- Exceptional clean air delivery rate
- Filters air 4.8 times per hour in a 500 sq. ft. room

Easy to Operate

- 4 fan speeds, plus sleep and turbo modes
- Easy to understand electronic controls
- Cord storage and built-in handle

Space-Saving Design

- Airflow allows placement against wall
- Slim, 10-inch depth

AP51030K

WHISPURE™ AIR PURIFIER

1 True HEPA Filtration

True HEPA filters remove up to 99.97% of particles as small as 0.3 microns from the air. True HEPA filtration is preferred by allergists who recommend air purifiers to their patients.

2 Exceptional Clean Air Delivery Rate

The AHAM certified Clean Air Delivery Rate (CADR) allows consumers to compare air purification effectiveness between models. With its high scores for removing tobacco smoke, dust and pollen, this Whispure™ Air Purifier quietly delivers exceptional performance.

AHAM CERTIFIED CADR RATINGS*

TOBACCO SMOKE	315
DUST	325
POLLEN	401

*Certified AHAM CADR values represent expected performance within the first 72 hours of operation. Subsequent performance may vary with use. See www.cadr.org

3 Manufacturer's Money-Back Quiet Guarantee

The manufacturer's Money-Back Quiet Guarantee provides assurance of the quietest high-efficiency air purifier technology in its class.¹ If the Whispure™ Air Purifier isn't quieter than the True HEPA purifier it is replacing, customers can call 1-866-990-7365 within 30 days for a full refund.²

4 Space-Saving Design

With a slim, 10-inch depth and an airflow that brings air in through the front panel and directs it out the top, the purifier works discretely against a wall and its neutral color blends into any decor.

5 4 Fan Speeds, Plus Sleep and Turbo Modes

To adjust for air cleaning needs, help save energy and provide a comfortable level of quiet, this Air Purifier has four fan speeds, plus two specialty speeds. Customers can use Turbo Mode to clean air quickly and Sleep Mode to save energy and promote a quiet night's sleep.

6 Easy To Use Electronic Controls

The electronic control panel is arranged clearly to reduce confusion and promote ease of use.

7 Easy Filter Replacement

The Whispure™ Air Purifier has only one True HEPA filter and one charcoal pre-filter to change. Separate lights indicate when to change the True HEPA and charcoal pre-filters. Once a filter is changed, resetting the monitor is simple — just press a button!

8 Large Filter Seal for Effective Filtration

The seal on the sides and back of the True HEPA filter assures particles do not pass around the filter and recirculate back into the room.

9 Assured Performance from the Number One Name in Home Appliances

An AHAM certified clean air rate, True HEPA filtration, ENERGY STAR® qualification, a manufacturer's Five-Year Limited Warranty², and the Whirlpool brand name assure customers of the highest quality appliance possible.
