Clean Air Delivery Rate

Certified Rating

From an cleaner to an cleaner compare the CADR numbers. First, look at suggested room size. Then refer to the table below. And, just for Clean Air Delivery Rate (CADR) numbers. The higher the numbers, the better the unit does the job.

This air cleaner is suggested for use in a single closed room up to 110 square feet.

Sharp odor ratings conform to the AHAM Certification Program criteria of 80% smoke reduction. Higher Clean Air Delivery Rates provide improved performance in all room sizes. Portable air cleaners will be most effective in rooms where all doors and windows are closed.

Tabacco Smoker: 99, Dust: 74, Pollen: 82

These values represent performance that can be expected within the first 12 hours of operation. Subsequent performance may vary with use.

Association of Home Appliance Manufacturers AHAM
